Games Club is an astonishing place to be for a little break and just a relaxing lunch time play area. Games Club is also a safe and calm place to go if you're sad or mad.

There are so many fantastic and amusing games to play at Games Club such as monkey chains, magnetic tiles, lego, uno and a bunch of building games for little engineers. You and I both know that if you get in to an awful fight you can go to Games Club and the teachers there will always try to make you feel better and those teachers are Mrs Callow, Mrs Martin and Mrs Wood. Games Club is held near the hall under the cola it is on lunch times Monday to Friday.

Games Club is the perfect place for you to go see you next lunch time at Games Club.
