## Finalising School Accounts

As we approach the end of this school year, we would like to thank all parents and caregivers for their continued support of our school through their financial contributions. Every contribution assists us in providing your child with a high standard of public education. We would like to request all parents or caregivers to finalise any outstanding fees. If you have any questions, or if you require further assistance, please do not hesitate to contact Carla Johnson (School Admin Manager) or myself on 9476 5133. Thank you in advance for your immediate attention to this matter.

## Year 5 Parents/Carers - Intention to apply for Year 7 placement in a selective high school in 2025

Selective high schools cater for academically gifted students with high potential who may otherwise be without sufficient classmates at their own academic standard. Selective high schools help these students to learn by grouping them with students of similar ability, and by using specialised teaching methods. Please see Enews (October 9) for the messages sent out on Selective High School placements.

## Planning for 2024

If you are in K-5 and intending to leave Hornsby Heights Public School at the end of 2023, could you please complete the Planning for 2024 form later in the Newsletter. This will assist us with our organisation of staff and accommodation for next year.

## Planning for 2024

Dear Families

We are currently planning classes and staffing for 2024. In order to do this, we need to know who is not returning to our school next year.

If you are leaving Hornsby Heights Public School (and are currently in Years K-5) and not returning in 2024 please complete the slip below.

Forms can be submitted to the office.

- moving to NSW Department of Education School \_\_\_\_\_ (insert school)
- moving to an Independent/Catholic School \_\_\_\_\_(insert school)

# School Student Travel

## Term 4 2023

### 2024 school travel applications are now open

Students who need a new or replacement School Opal card or travel pass for 2024 can [apply](#) now. A new application will need to be submitted if they are applying for the first time, or if they are requesting an additional travel entitlement because of a new shared parental arrangement (e.g. joint custody).

Students who change address, school, campus location, have repeated a year or received an expiry notification for their school travel entitlement should [renew or update](#) their details **before the end of term 4**. This will ensure that schools can endorse applications, and travel passes remain valid for the start of the 2024 school year. School Opal card holders will have the changes applied to their existing card.

If a student's distance eligibility has changed based on their grade (i.e. grade two to grade three), the system will automatically update their entitlement if they meet the new criteria. If they do not meet the new [eligibility criteria](#), we will send an expiry notification via email.

Students who have an entitlement approved under a medical condition that is due to expire will receive a notification advising them to re-apply.

[Term Bus Pass](#) holders will receive a notification to re-apply.

Students in the Opal network applying for an Opal card (including a Term Bus Pass) for the first time will receive their Student Opal card at their nominated postal address. Cards will be mailed out from January 2024.

Students living in rural and regional (R&R) areas should receive their travel pass at the start of the new school year from their nominated transport operator. It may come via the school or be sent directly to them at home. **Note:** some R&R operators do not issue travel passes.

Students/parents should confirm with their nominated operator if they do not receive a pass.

### Changes to your bus service provider

Within Greater Sydney, a number of bus service providers have changed their names.

Parents intending to lodge an application for a School Opal card will need to visit [transportnsw.info trip planner](https://transportnsw.info/trip-planner) to obtain the correct bus operator name servicing your area prior to lodging an application.

### Travel from Term 1 2024

We ask that parents plan ahead and make sure their child knows which service/s to use and has a valid ticket to travel; either a School Opal card or Child/Youth Opal card (within Greater Sydney) or a School Travel Pass (outside Greater Sydney), from the start of the school year.

# Behaviour code for students

## Information for students and parents or carers

NSW public schools are committed to providing safe, supportive, and responsive learning environments for everyone across a range of settings. We teach and model the inclusive and safe behaviours we value in our students.

### In NSW public schools students are expected, to the best of their ability, to:

- show respect to other students, their teachers and school staff and community members
- follow school and class rules and follow the directions of their teachers
- strive for the highest standards in learning
- act in a courteous and respectful way that makes all members of the school community feel valued, included and supported
- resolve conflict respectfully, calmly and fairly
- meet the school's agreed uniform policy or dress code
- attend school every day (unless legally excused)
- respect all property
- be safe and not be violent or bring weapons, illegal drugs, alcohol, vapes, e-cigarettes or tobacco into our schools
- not bully, harass, intimidate, or discriminate against anyone in our schools.

Schools take action in response to behaviour that is detrimental to self or others or to the achievement of high-quality teaching and learning.

### All students have a right to:

- safety at school
- access and fully participate in their learning
- be treated with respect by other students, teachers and school staff
- express their views, set goals and self-advocate.

The principal and school staff, using their professional judgment, are best placed to maintain discipline and provide safe, supportive and responsive learning environments and apply an appropriate action when students are not meeting these expectations. The department is responsible for the provision of a policy framework and resources such as legal issues bulletins, access to specialist advice, and professional learning to guide principals and their staff in exercising their professional judgment. In this context, the NSW

Government and the Department of Education will back the authority and judgment of principals and school staff at the local level.

### Behaviour code for students: Student actions

Promoting the inclusion, learning, wellbeing, and safety of all students in NSW public schools is a high priority for the Department of Education.

We implement teaching and learning approaches across a range of settings to support the development of skills needed by students to meet our high standards for respectful, safe and engaged behaviour.

**To meet the expectations set out above, students in NSW public schools, to the best of their ability, should adhere to the following principles.**

#### Respect

- Treat one another with dignity.
- Communicate and behave courteously.
- Act and work cooperatively with other students, teachers, and school staff.
- Develop positive and respectful relationships.
- Value the interests, ability and culture of others.
- Respect the learning needs of other students.
- Dress appropriately by wearing the agreed school uniform or dress code.
- Take care with school property and the property of staff and other students.

#### Safety

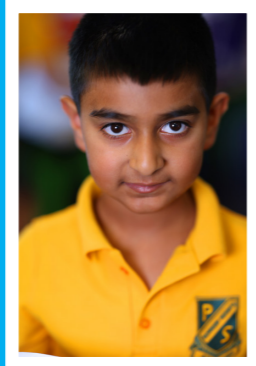

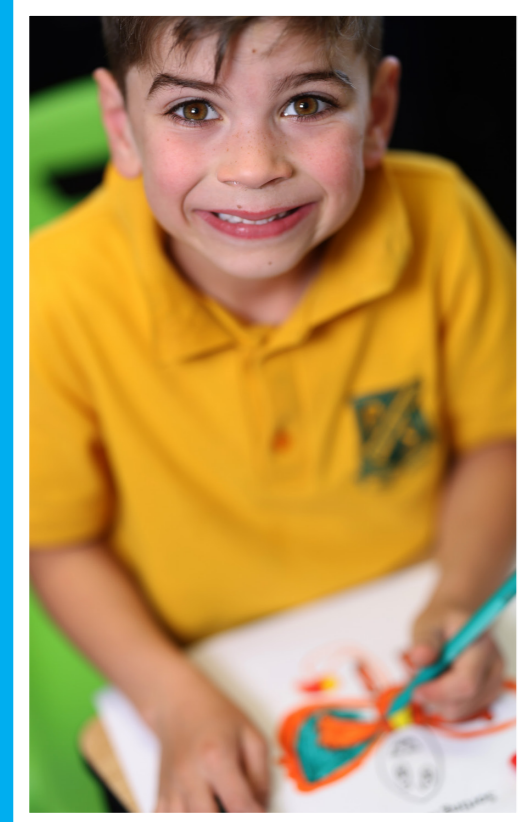

- Model and follow school and class rules and expectations around behaviour and conduct.
- Negotiate and resolve conflict.
- Be aware of and take responsibility for how their behaviour and actions impact others.
- Care for self and others.
- Be safe and help others to make safe choices that do not hurt themselves or others.

#### Engagement

- Arrive at school and class on time.
- Be prepared for every lesson.
- Actively participate in learning.
- Aspire and strive to achieve the highest standards of learning.

## TABLE TENNIS: COMING TO OUR SCHOOL

# A new curriculum

The NSW English and Mathematics syllabus documents provide teachers with clear, refined and explicit outcomes and content for learning development. It is accompanied by pedagogical advice grounded in evidence. It can be expected that students leaving our primary schools should have been taught by teachers who:

## in English:

- acknowledge oral language and communication as crucial
- develop the essential foundational skills of phonological awareness and phonic knowledge
- recognise the significant impact of reading fluency on reading comprehension
- embed quality literature as a powerful and essential tool
- understand that spelling, handwriting and digital transcription are important components of writing fluency
- foster sentence construction as the cornerstone of language proficiency
- ensure that component skills of writing are used to create informative, persuasive and imaginative texts
- acknowledge that vocabulary knowledge influence reading, writing and oral language development.

## in Mathematics :

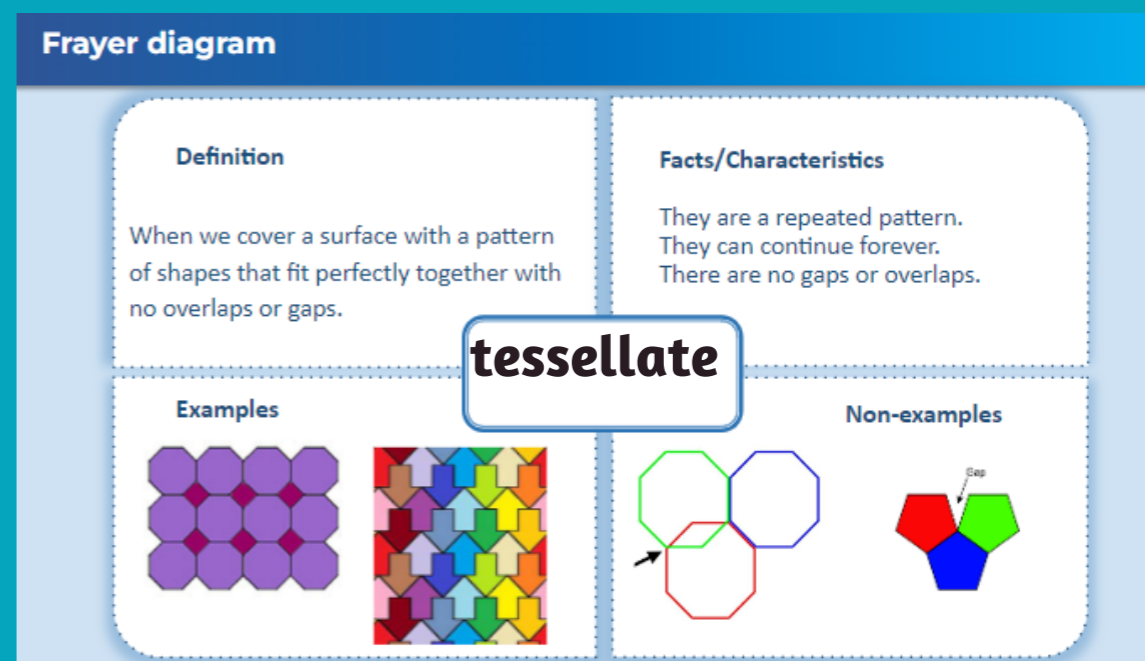

- prioritise embedding working mathematically through the application of the processes - communicating, understanding and fluency, reasoning and problem solving
- make connections within and across mathematical concepts and connect mathematics with the world, identifying how mathematics is a relevant part of students' lives
- develop students' vocabulary in the language of mathematics
- use a variety of mathematical tools and representations to make meaning and build understanding
- have students apply known number facts to build number patterns and relationships
- develop students' understanding of the structure of number and apply it to decimals
- develop students' understanding of how to choose and use efficient additive and multiplicative strategies
- develop students' understanding of fractions as a relationship and their connection to division and measurement
- develop students' algebraic spatial and statistical reasoning and problem-solving skills.

Our word to solve was...

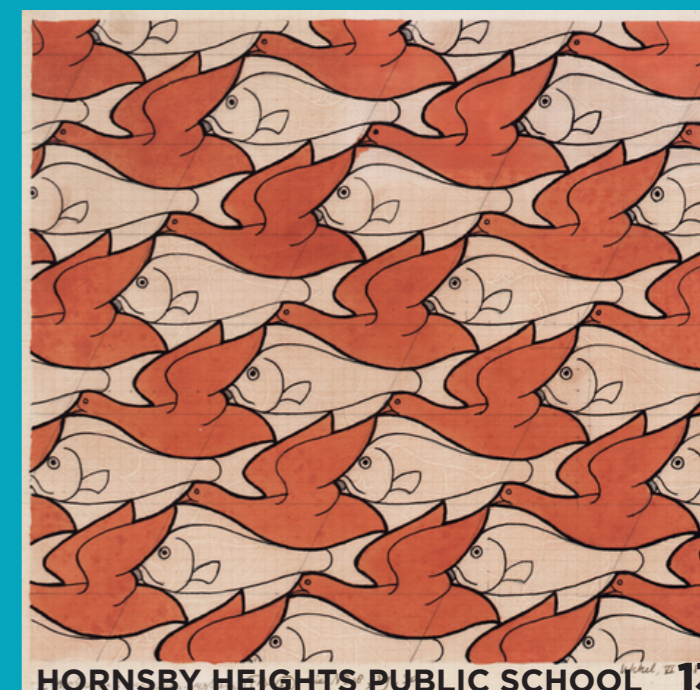

tessellate

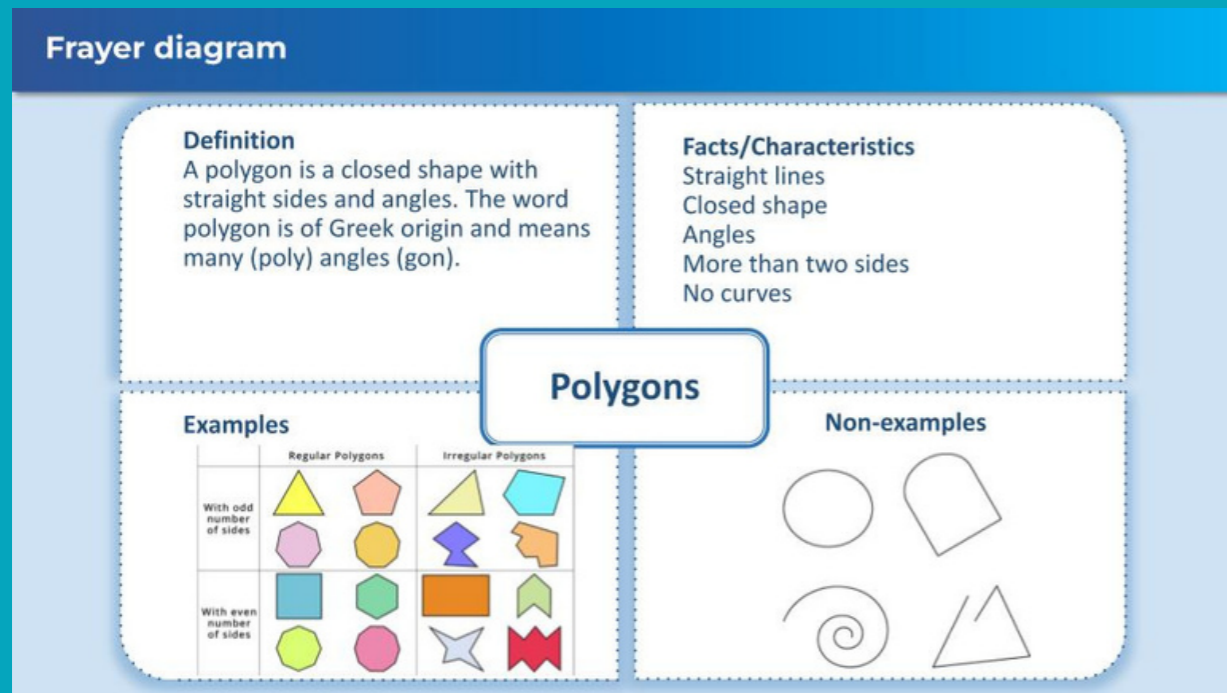

Remember, the box for all our guesses is kept in the office.

This artwork 'Bird Fish' was created in 1938 by M.C. Escher. Maurits Cornelis Escher was a Dutch graphic artist born in 1898 who made mathematically inspired artworks. He used tile-like repeated patterns in many of his paintings.

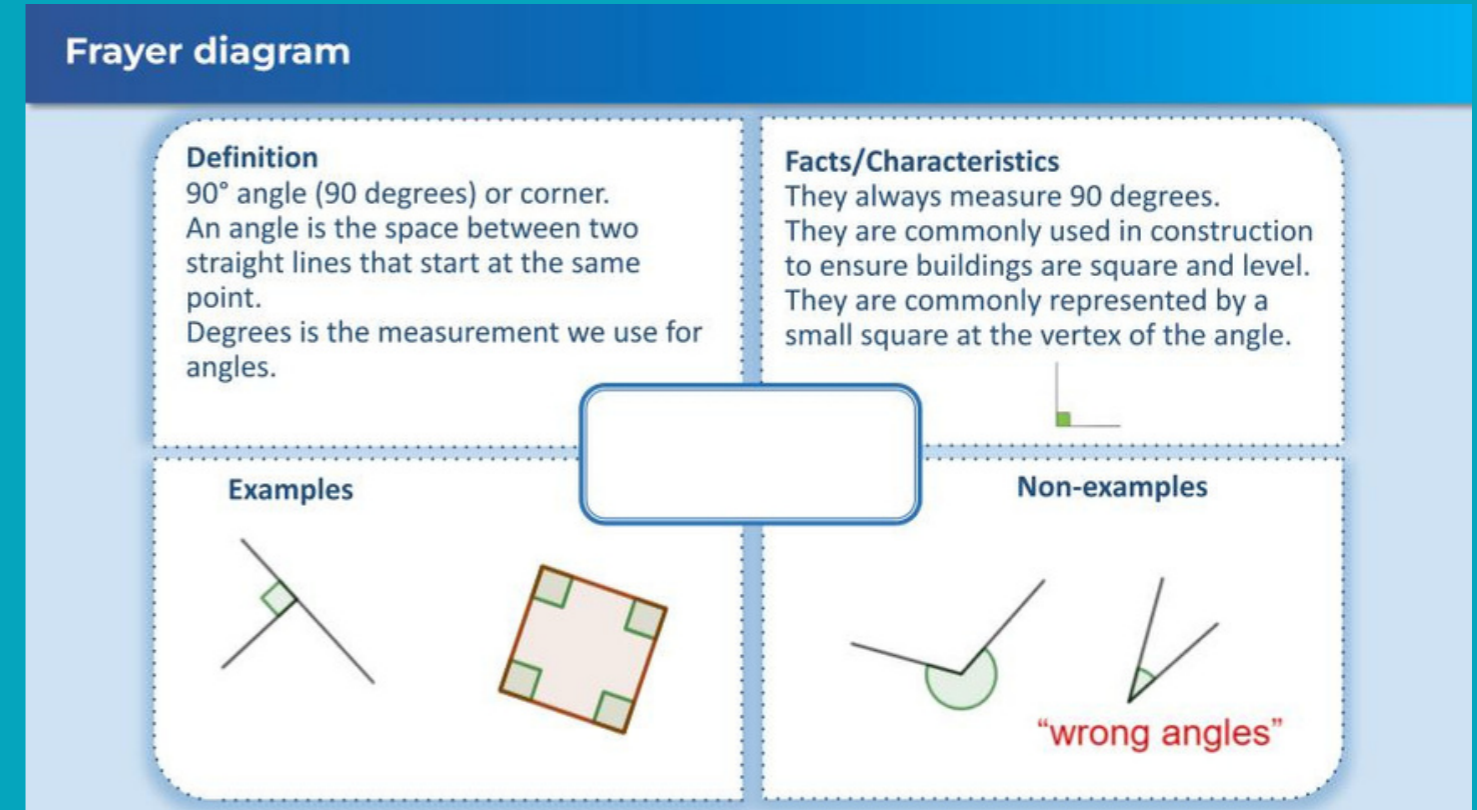

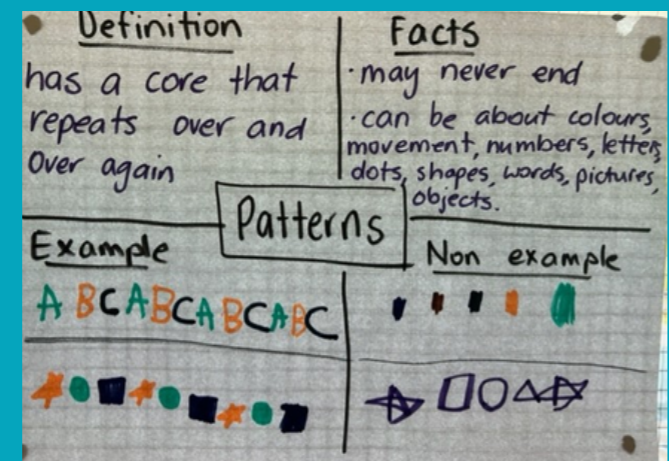

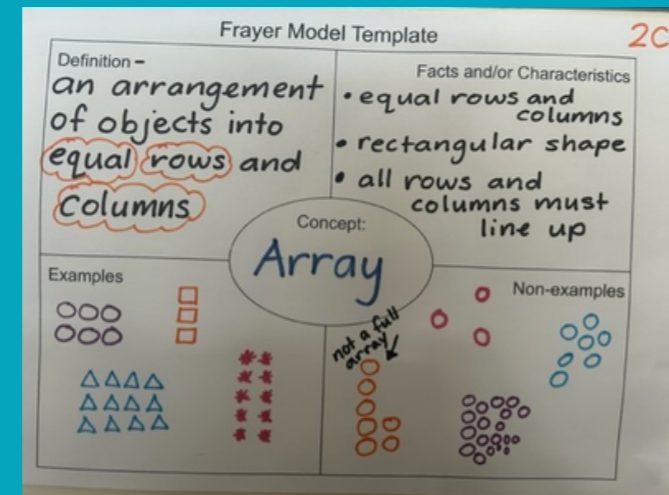

# What do you know about polygons? We use the Frayer model across all subject areas.

Mrs Sakajani uses the Frayer model to introduce sporting terms.

# Can you guess this week's mathematical term?

2C used the Frayer model to explore the term 'arrays' and KDT used the framework to consolidate their understanding of patterns.

## UPDATE

# CHICKEN VACATION CARE

By **LAUREN GIAQUINTO**  
Hornsby Heights Public School  
TEACHER

### Chicken News

We are currently looking for any HHPS families who would be available to host and care for our four friendly chickens during the December/January school holidays!

This involves the chickens coming to live in your yard in their portable chicken coop, daily feeding, collecting (and eating!) the eggs, and as many gentle chicken cuddles as you like! Please note that you will need to have a secure yard and be home for the majority of time you have them (e.g. not going away on a holiday).

If you are interested in hosting the chickens these summer holidays (either for the whole holiday period, or for a smaller block of 2-3 weeks), please contact Julie Lim at [ecogardenhhps@gmail.com](mailto:ecogardenhhps@gmail.com)

### The 'Eco Gardeners'

The Eco Garden Committee would like to say thank you to all those who have come along to the Eco Gardeners sessions this year! If you would still like to help out in the garden, the last session of 2023 is going to be held on the 19th November from 8:30-11:30am. If you are interested in coming along please ensure you are wearing enclosed shoes, a hat and, if possible, bring along your gardening gloves. All children need to be accompanied by an adult.

### Want to know more?

The Eco Garden Committee is always looking for additional helpers and welcomes all families to be involved in any capacity. If you would like to be involved or find out more please contact Julie at [ecogardenhhps@gmail.com](mailto:ecogardenhhps@gmail.com). The committee meets every 3rd Wednesday of the month during the school term at 6:30pm via Zoom. The last meeting of 2023 will be held on 15th November. For Zoom details, please contact the email address above. All are welcome to attend!

## CANTEEN NEWS

### MORE INFO

- The canteen is run by a sub-committee of the the HHPC P&C and employ a Canteen Manager (Di Mooney) for day to day operation.
- To keep costs down and provide good quality food we rely on volunteers to help prepare, pack and serve over the counter.
- The NSW government has implemented the Healthy Canteen Strategy which all school canteens are required to follow.
- Our menu must contain **75% Everyday Foods** and **25% Occasional Foods**.
- Portion limits apply for some everyday foods and ALL occasional foods which must also have a healthy star rating of at least 3.5.
- Our convenor Kirsty has spent many hours ensuring our menu fullfills these requirements.

Our canteen is also a member of the Healthy Kids Association.

### DO YOU HAVE ANY IDEAS OR QUESTIONS FOR THE CANTEEN?

The committee currently consists of 3 members at present and we gladly welcome anyone that would like to join. The meetings are held on the last Tuesday on the month at 7:30pm via zoom.

Contact us for the link.

# HHPS CANTEEN NEWS

## Changes/Updates/Reminders...

We have recently updated our menu to fullfill the Healthy Canteen requirements and have had to adjust some prices to reflect the increases seen in our ingredients. Refer to the menu for the full update, but here are a few changes:

- Frozen milk minis are now 40c.
- Cheese and Crackers are now ordered as packs of 3 for 60c.
- Milk Minis and Juicy Fruities are limited to 2 per person to ensure there are enough to go around.
- Twisted Licks have been discontinued from our supplier.
- Footy pies will now be "Meat Pies" on the menu.
- No toasties on Friday's, try one of our muffins instead. Friday is our biggest day with over 200 orders, so pre-prepared muffins allow us to streamline the day to get the orders out.
- We can no longer get sushi from our current supplier but are working on an alternative.
- Please ensure kids do not have large notes for over the counter purchases. We only run a small float and cannot change anything larger than \$10.
- We have limited freezer and oven space so if items are unavailble on QKR! it is usually because we have reached the limit for that item or we have removed some items due to a lack of volunteers for that day.
